AGENDA ITEM NO. 1B

REPORT OF Pinellas Suncoast Fire & Rescue District

Monthly Report from the Pinellas Suncoast Fire & Rescue District

David Ardman, Commissioner – Seat 2 Indian Rocks Beach

For City Commission Meeting June 30, 2020

As of June 25, the District has 11 out of 36 staff that are on long-term sick issues, with nine of them being COVID related. There is one COVID positive paramedic, and a number of exposure related absences from the associated exposures. A few are out due to signs and symptoms, and one is out as his spouse has tested positive. It is estimated that all will be out for a minimum of 14 days.

So far, service levels are being maintained with overtime staffing but ranks are thin and overtime may not be sustainable. Chief Burton has discussed the situation with counterparts in Seminole and Largo and both are prepared to help with staffing and operations as needed.

Most staff who are able to do so are again working remotely.

- COVID-19 monitoring continues daily and District administration stays in frequent contact with Pinellas County EMS leadership. Some operational changes from COVID-19 have been relaxed, such as daily wellness checks and the exclusion of public visitors. All staff that was working remotely have returned to the office on a full- or part-time basis.
- Fireboat training has been completed and the boatlift at the IRB public docks is awaiting the final electrical hookups.
- Finance Director David Martin continues to work tirelessly in an effort to recover any extraordinary costs related to COVID-19
- The pace of EMS call volumes in Indian Rocks Beach has returned to more normal levels, with 58 EMS calls in the last 30 days.
- The PSFRD Commission held a live, socially distant meeting at the City of Belleair Beach city hall on June 16 but based upon the recent rise in COVID 19 cases, virtual meetings may resume. The commission has deferred some employee recognition efforts until it's determined that larger gatherings can be safe.

AGENDA ITEM NO. 2 PUBLIC COMMENTS.

re: Indian Rocks Parking and Traffic Problems

So where to start..?? Mostly as a resident I am having a hard time parking at the beach accesses in a "resident sticker parking space." I am a sunset swimmer, liking to swim 5 out of 7 days during the swimmable temperatures of summer. Sometimes it's 10 out of 7 days, say morning swims are nice too. It's kind of a routein my family grew up with here on Indian Rocks, where we lived in the old "log Cabin" if you remember the place, before termites consumed the log cottage. Now Camaron Cove is there, turning over more people on the beach than anyother place, weekly families visiting for their beach activities.

Overpopulation is a worldwide problem. We have the problem here and are not solving anything. The beach is "free" to visit, well, to the folks who do not live here. They pay nothing. They pay nothing to smoke cigarettes on the beach and you see evidence left on the giant astray of the beach. Garbage is about, especially small plastic pieces, toys, old folding chairs, bottles/which I do have to pick up immediately, and other garbage. We residents are paying for the tourists who visit and take advantage of free beaching. I think we should have parking meters. Have you tried to visit & park on Clearwater Beach...?? it's expensive, that is if you can get to a parking space. Clearwater Beach is impossible on crowded times. Clearwater Beach residents a couple years ago found the Belleair Beach Causeway and now, at times, that bridge gets backed up, and I have seen it back through downtown Largo.

Indian Rocks is not far behind the gridlock of Clearwater Beach, and we have a lot more space to continue building upon where more and more people/cars can come, or try to come onto Indian Rocks. I hate to complain, but I have been having a hard time getting a resident parking space, where the tourists are taking all the "sticker" reserved, "resident parking spaces." Mornings you can find a space, and weekdays, but weekends are many times very crowded with tourists taking all the parking spaces. I have chatted with Mike of Code Enforcement who writes tickets, but he cannot be out there 24/7. I am not in so much favor of having the Sheriff do ticket writing, except for the speeders on Gulf Blvd.

We could talk about speeders on the back roads too, where many times cars & trucks are parked half in the streets, where cars whizz around these parked vehicles in their lane to occupy the oncoming traffic, of which has the right of way, but usually have to STOP. Another problem to address.

On the beaches, tourists are taking advantage of lots of things, especially toilets. This is another problem with overpopulation. Where do tourists go pee...?? In the Gulf... Where do they poo...?? In the bushes, sea Grapes, up near the seawall, where it can smell offensively. Indian Rocks used to boast of the "safest" beach, but with the increase of population, we residents who pay taxes to live here, on the beach, we are getting pushed off the beach we love, as the beach cannot support the ongoing increase in tourists invading our beach. This is not a catch22, we cannot support free tourists coming to the beach to smell up the place, smoke cigarettes, beer & belching, loud bad music, loud screaming & yelling, and just things that used to not be here, maybe we took for granite. Now we notice, and the beach is being ruined. Im so sorry, there might be nothing we can do, MicKnight.com

PRESS RELEASE The City of Indian Rocks Beach Reminds Everyone DON'T BLOW IT!

Don't let illegal fireworks ruin the 4th of July

The Fourth of July is a time to celebrate American Independence Day with family and friends. The City of Indian Rocks Beach reminds you, as you celebrate the 4^{th} of July, that it is illegal to violate the City of Indian Rocks Beach City Code in the use of fireworks. Violation can result in a *\$500.00* fine.

In the City of Indian Rocks Beach, the following reminders are offered:

 Ban on the retail sale, purchase or use of fireworks that project into the air or explode;

• Use of sparklers, fountains, snakes and worms remains legal;

Safety

Sparklers and fountains remain legal, but they can be dangerous, reaching temperatures of up to 1,200 degrees Fahrenheit. Only those over 12 years of age should handle sparklers of any type. Youth often get burned by sparklers every year, so responsible adult supervision is necessary at all times.

Residents who witness the use of illegal fireworks are asked to call the Pinellas County Sheriff's Office non-emergency telephone number: 727/582-6177. Residents should call 911 *only* in the event of an emergency.

Environmental issues

Fireworks create an enormous amount of waste. The City of Indian Rocks Beach Team collected twenty-two (22) truckloads of debris from July 4, 2019.

Mayor's Report — Few Thoughts As We Reach The Halfway Mark In 2020

First, a reminder to residents to fill out the Census 2020. One can visit the website 2020census.gov, complete the form sent, or call 844-330-2020 to complete the census. IRB has a completion of 43% of our citizens. In 2010 IRB response rate totaled 53.5%.

We'd like to acknowledge the passing of Connie Allen, an Indian Rocks Beach resident and former commissioner in our city from 1989-1993. We send our condolences to her husband David and their sons.

I'd like to thank our residents for their support of our city and complying with the requirements set forth by IRB, Pinellas County, and the State of Florida during COVID-19. We appreciate your diligence in washing hands, social distancing, wearing masks, and continuing to keep each other safe.

I appreciate all of you.

Commissioner Report:

I would like to express gratitude to the Pinellas Sheriff's office for their professionalism. The deputies that protect our city and enforce our laws display an attitude towards reducing kinetic interactions and calming tense situations while ensuring that our laws get enforced. I believe that such behavior is a result of excellent training, diversity, and a culture of positivity in the sheriff's department.

I am proud of our law enforcement team, and believe that they promote high ethical standards, enforcement excellence and compassion for the people with whom they interact.

APPROVAL of the May 12, 2020 Regular City Commission Meeting Minutes

AGENDA ITEM NO.: <u>5A - CONSENT AGENDA</u> DATE OF MEETING: <u>JUNE 30, 2020 CCM</u>

MINUTES — MAY 12, 2020 CITY OF INDIAN ROCKS BEACH REGULAR CITY COMMISSION MEETING

The Indian Rocks Beach Regular City Commission Meeting was held on *TUESDAY*, *MAY 12, 2020*, in the City Commission Chambers, 1507 Bay Palm Boulevard, Indian Rocks Beach, Florida.

Mayor-Commissioner Kennedy called the meeting to order at 7:00 p.m., followed by the Pledge of Allegiance and a moment of silence.

PRESENT: Mayor-Commissioner Joanne Moston Kennedy, Vice Mayor Philip J. Hanna, Commissioner Diane Flagg, Commissioner Edward G. Hoofnagle, and Commissioner Joe McCall.

OTHERS PRESENT: City Manager Brently Gregg Mims, City Attorney Randy D. Mora, and City Clerk Deanne B. O'Reilly, MMC.

(To provide continuity for research, items are listed in agenda order although not necessarily discussed in that order.)

1A. Pinellas County Sheriff's Office.

The Pinellas County Sheriff's Office (PCSO) submitted written Crime Analysis Reports for the months of March and April 2020 for the City of Indian Rocks Beach.

1B. Pinellas Suncoast Fire & Rescue District.

David Ardman, Pinellas Suncoast Fire & Rescue District Commissioner, submitted his written reports for the months of March and April 2020.

MOTION MADE BY COMMISSIONER HOOFNAGLE, SECONDED BY COMMISSIONER FLAGG, TO ACCEPT THE WRITTEN REPORTS OF THE PINELLAS COUNTY SHERIFF'S OFFICE AND THE PINELLAS SUNCOAST FIRE AND RESCUE DISTRICT FOR THE MONTHS OF MARCH AND APRIL 2020.

2. PUBLIC COMMENTS.

Salma Abdelaal, 100 Windrush Boulevard, expressed concern about the massive crowd on the beach on Saturday and suggested the following: (1) Two or three beach accesses

dedicated for residents only; (2) Put up signs that read "two hour parking for non-residents" on East Gulf Boulevard; (3) Enforce parking regulations; (4) Enforce beach regulations, such as no glass or alcohol on the beach; (5) More trash cans on the beach; and (6) Ticket jaywalkers.

Beth Flynn, 914 Harbour House Drive, inquired how the City is going to ensure that COVID-19 Phase 1 Reopening Guidelines are being followed along with the following existing ordinances: (1) vacation rentals; (2) Beach rules; and (3) Golf carts.

Maria Heshmati, La Hacienda Drive, wrote to the City Commission in regard to the parking issue in IRB. She stated the number of visitors to IRB and to the beach is increasing each year; so is the number of parked cars on the City streets, especially on La Hacienda Drive and Bahia Vista Drive. Visitors are parking too close to the mailboxes and are blocking them in, and the mailman is not able to deliver their mail. She provided several suggestions to the City Commission such as installing resident-only permit signs at the entrance of the streets; each household could receive one to two extra permits for visitors, construction companies, handymen etc, as this might also be helpful to reduce the number of parked vehicles at the short term rentals.

Kelly Cisarik, 448 Harbor Drive South, asked about the stormwater bid (Agenda Item No 5E of the Consent Agenda). Prior to the meeting, Public Services Director Scharmen provided a detailed email response to Ms. Cisarik.

Rick Tousley, 440 Harbor Drive, expressed his concerns with the flooding in the area of his residence and inquired if the stormwater project would help with this flooding. Public Services Director Scharmen responded to Mr. Tousley's email.

3A. REPORTS OF THE City Attorney.

The City Commission accepted the written report of the City Attorney concerning the 2020 Florida Legislative Session Update.

3B. REPORTS OF THE City Manager.

The City Commission accepted the written report of the City Manager concerning the following items:

- The FY 2021 Budget.
- The Gulf Boulevard Undergrounding Project.
- Solar Panel Project.
- Kolb Park Gazebo Project.
- COVID-19.
- City's website request for proposals.

MINUTES - Regular City Commission Meeting Tuesday, May 12, 2020 Page 2 of 5 • Gulf Boulevard Visioning Plan Final Meeting.

The City Commission accepted the 2nd Quarter Financial Report.

3C. REPORTS OF THE City Commission.

COMMISSIONER FLAGG: (Written report below):

The pandemic has had a crippling effect on our residents and businesses and has endangered the well being of many of us. For some, lives have changed dramatically. Our City has been very responsive to the needs of our community during this crisis, and also continuing to complete projects to keep our community looking good. I would like to thank all of our city employees, and our public works for keeping up with the demand of the day to day maintenance and upkeep of our park and beach accesses. A special thank you for our Solid Waste Department for continuing to keep our City clean with regular garbage removal. You have been heros! In typical IRB style, we have pulled together, neighbor helping neighbor, and continue to support our businesses as some struggle to remain solvent. Many thanks to Action 2000, and the Homeowners Association for their outreach program to help out seniors in need, and by helping our local food pantry by organizing food drives to feed our locals who could use a helping hand.

These grass root responses are what IRB is all about, and why it makes it such a special place to live.

I hope we will continue to be strong and committed to the health guidelines recommended as we reopen our beach, parks, and businesses, and ask that we all continue to support our local restaurants and businesses. Most important, I hope everyone remains safe and healthy.

Once we resume our regular meetings, we can work on moving forward, thanks to the input from many residents and businesses during our visioning sessions, to improve out small town atmosphere.

Also, after talking with residents, I see a need to continue to work on parking issues, and request our City to schedule another workshop for the community to contribute their views.

As we reopen, I would like to request the sheriff's office to be consistent with their efforts to enforce parking infractions, give tickets to anyone parking in IRB resident spots without an IRB sticker, in handicapped designated spots without proper identification, too close to corner parking and illegal street parking.

MAYOR-COMMISSIONER KENNEDY'S: (Written report below)

Is this what we thought would come to roost after being sworn in March 10?

Shout out to our staff for stepping up and methodically putting in place and following the guidelines of Pinellas County. And, I appreciate the residents complying with the orders to the best of their abilities.

After meeting with Action 2000, Indian Rocks Homeowners, and Indian Rocks Rotary. I want to acknowledge the incredible participation and leadership from the groups. A 3-phase plan was implemented to serve our senior residents and those with special needs during the pandemic. Volunteers from our community did grocery and pharmacy delivery and answered phone calls supplying information for our citizens.

What transpired with this 3-phase program went far beyond my expectations. I am truly grateful to everyone who participated. Special thanks to Commissioner Hanna for the creation of the COVID-19 video. Anne Moston become a superstar over night at 96 for her guest appearance and years of insight.

We tried a live segment of Monday with the Mayor. I want to thank all the business owners and residents who stopped by to share their thoughts and experiences as we open Phase 1.

Last, I want to thank City Manager Mims and the Commission for the leadership, empathy, and love all of you possess serving our beloved beach community. I know there were times of frustration and anxiety, at least on my part. If any of you had similar struggles, I want to acknowledge how much I appreciate all of you and serving during these very unusual circumstances in our lives.

MOTION MADE COMMISSIONER HOOFNAGLE, SECONDED BY VICE MAYOR-COMMISSIONER HANNA TO, ACCEPT AND FILE THE WRITTEN REPORTS OF THE CITY ATTORNEY, THE CITY MANAGER, MAYOR-COMMISSIONER KENNEDY, AND COMMISSIONER FLAGG.

- 4. ADDITIONS/DELETIONS. None.

AGENDA ITEM NO. 5B CONSENT AGENDA

RESOLUTION NO. 2020-06 Pinellas County Local Mitigation Strategy

INDIAN ROCKS BEACH CITY COMMISSION AGENDA MEMORANDUM

| MEETING OF: | June 30, 2020 | AGENDA ITEM: 5B |
|----------------------------------|---------------------------------------------------------------------------------|-----------------|
| SUBMITTED AND RECOMMENDED BY: | Dean A. Scharmen, Public Se | rvices Director |
| APPROVED BY: | Brently Gregg Mims, City Ma | anager L |
| SUBJECT: | RESOLUTION NO. 2020-06; County Local Mitigation Str years by FEMA. | |

BACKGROUND

The City of Indian Rocks Beach's participation in the Pinellas County Local Mitigation Strategy goes back to May 25, 1999 when the Indian Rocks Beach City Commission adopted Resolution No. 99-43, Pinellas County Local Mitigation Strategy. The City's continuing support for this effort is evidenced by Resolutions 2004-13, 2006-85, 2010-38 and 2015-25.

The adoption of the Local Mitigation Strategy is a critical part of maintaining and decreasing IRB's ISO rating to reduce flood insurance premiums within the municipal limits.

ANALYSIS

The original requirement to develop a unified, community-wide Local Mitigation Strategy (LMS) came in early 1998 from the State of Florida Department of Community Affairs. The intent of the LMS was to control the skyrocketing costs of disasters. Most of the burdens of recovering from a disaster fall squarely on the shoulders of local government.

- > The original LMS was adopted by the Pinellas County Board of County Commissioners in July 1999.
- Adoption of this strategy is necessary for Pinellas County to be eligible for future federal funding under the:
 - Pre-Disaster Mitigation Assistance Program

- Hazard Mitigation Grant Program (post disaster)
- Flood Mitigation Assistance Program
- Repetitive Flood Claims Program
- Severe Repetitive Loss Program
- > The purpose of an LMS is to provide a "blueprint" or guide, establishing a unified and consistent course of action needed to eliminate, or reduce, the impact of disasters that threaten Pinellas County and its municipalities.

FISCAL IMPACT

Adoption of the Local Mitigation Strategy is critical in maintaining and decreasing the City's ISO rating, thereby reducing flood insurance premiums within the city limits, as well as assisting in providing funding in the event of a disaster.

| SUBMITTED AND | | Jen - | |
| RECOMMENDED BY: | Dean A. Scharmen, Public Services Director | | |
| APPROVED BY: | Brently Gregg Mims, City Manager | | |
| SUBJECT: | Authorizing the City Manager to dispose of surplus property/equipment which has become unnecessary or unfit for the City's use. | | |

BACKGROUND:

Pursuant to Part I Charter, Article V. City Manager, Section 5.3. Powers and Duties of the City Manager, Subsection 10 of the Code of the City of Indian Rocks Beach, Florida, providing for the disposal of City property/equipment which has become unnecessary or unfit for the City's use, the property/equipment listed on Attachment A has been inspected and found to be no longer usable by the City of Indian Rocks Beach.

ANALYSIS:

City staff is requesting authorization to sell, donate, recycle or destroy the City property/equipment shown on Attachment A.

FISCAL IMPACT:

GovDeals, Incorporated conducts auctions of state, county and municipal furniture, equipment and vehicles on a continual basis. There are no respective charges utilizing this firm for handling the sale and transfer of any paperwork associated with the vehicles and/or equipment.

By utilizing an outside agency to run the auction the City is saving staff time and avoids any conflict or problems that could occur if this was handled in house.
