PRESS RELEASE

On February 24, 2018, five organizations are coming together for a beautification project at the 17th and 18th Avenue public beach accesses in Indian Rocks Beach.

Action 2000 IRB, Inc. (A2K) has been working in the park for the last three years and, with the help of the City of Indian Rocks Beach, Keep Pinellas Beautiful, Crabby Bill's Seafood of IRB and AMI Chair Rentals, they plan to beautify the park by removing the weeds, putting down mulch and putting in some beach-friendly plantings and decorative rocks at the beach access walkovers.

With the help of 50 volunteers, they plan to accomplish this project on February 24th from 9:00 a.m. to 11:00 a.m. We need your help!

Crabby Bill's Seafood of IRB will be providing brunch for all the volunteers after the event. A2K President Julie Hoofnagle will prepare the database of volunteers and provide communication to volunteers.

A Rain Date has been scheduled for March 3rd. Volunteers can sign up via email to julie@irbaction2000.com
