PRESS RELEASE
Sandbag Distribution- Yard Waste and Debris

Prior to Hurricane Ian, the City of Indian Rocks Beach issued more than 14,000 sandbags and sand to Indian Rocks Beach residents and property owners. Now that we are more than halfway through the storm season, we ask that you properly store you sandbags for a possible future event. Due to the supply chain issue the city will not be distributing out more sandbags or sand this hurricane season.

Yard waste will be picked up as early as possible, please separate yard waste from other types of debris.

For further information:
City Hall 727/595-2517
