PRESS RELEASE

BEACH RENOURISHMENT IN INDIAN ROCKS BEACH

Beginning Monday, July 16, 2018, Pinellas County has scheduled the renourishment of the beachfront in the City of Indian Rocks Beach. This process will take approximately 4 to 6 weeks and will require Norfolk Dredging to close small portions of the beach while the work is being completed.

The length of time of work at each site may vary, however, the required work will be undertaken and completed as expeditiously as possible on a 24 hour/day, 7 day/week basis. The initial work will begin at the north end of the beach, at 27th Avenue, and continue south to 15th Avenue. Once complete, work will then begin at the southern city limits and continue north to 15th Avenue.

The City of Indian Rocks Beach advises the public to exercise caution when navigating the beach accesses as heavy equipment and vehicles will be traversing the entire project area, and portions of the beach will be closed in the construction areas.
