JOINT PRESS RELEASE
CITY OF INDIAN ROCKS BEACH & IRB HOMEOWNERS ASSOCIATION
CANCELLATION OF IRB BEACHFEST

After careful consideration and review of the beach conditions, the Indian Rocks Beach Homeowners Association in consultation with the City of Indian Rocks Beach and Pinellas County Health Department Officials has made the determination to cancel IRB BeachFest. Red Tide is currently present on the beach and is forecasted to remain in the area in the weeks to come.

BeachFest was scheduled for April 15, 2023, and is the largest fundraiser held by the Indian Rocks Beach Homeowners Association. All the proceeds raised go back into the community. It is unfortunate that it had to be canceled but it is the best decision in the interest of public health.
