# INDIAN ROCKS BEACH CITY COMMISSION AGENDA MEMORANDUM

**MEETING OF:** 

September 21, 2022

**AGENDA ITEM: 1A** 

SUBMITTED AND

Dan Carpenter

**RECOMMENDED BY:** 

Finance Director

APPROVED BY:

Brently Gregg Mims, City Manager

**SUBJECT:** 

ORDINANCE NO. 2022-04; Second Reading, Establishing the

millage rate at 1.8326 for the Fiscal Year 2022/23.

#### BACKGROUND:

The City Commission previously established the proposed millage rate for Fiscal Year 2022/23 at 1.8326 mills, with no change to the previous fiscal year millage rate. The current mill rate has been in place since 2019. The mill rate was reduced at that time from 1.93 to 1.8326.

#### ANALYSIS:

With a millage rate of 1.8326, the total estimated tax collection is \$2,963,060 based on a 97% collection rate. For Fiscal Year 2022/23, a mill rate of 1.8326 is 14.27% higher than the roll back rate of 1.6038. The proposed mill rate of 1.8326 remains one of the lowest in Pinellas County. Currently, mill rates in Pinellas County range from 0.5450 to 6.7550.

#### **MOTION:**

I move to **APPROVE/DENY ORDINANCE NO. 2022-04** on Second reading, establishing the millage rate for Fiscal Year 2022/23 at 1.8326 mills.

Honorable City Commissioners City of Indian Rocks Beach 1507 Bay Palm Boulevard Indian Rocks Beach FL 33785

#### Commissioners.

In accordance with Section 5.3(6) of the City Charter, I presented the City Managers Proposed Budget for Fiscal Year 2022-23 on June 23, 2022. On July 13, 2022, the Finance & Budget Committee met to review the budget. The result of their review was to unanimously recommend it. The City Commission held its budget work session on July 26, 2022. No one from the public objected to the proposed budget and the Commission made five adjustments. The adjusted budget is balanced in all funds and provides a roadmap that guides operational decisions that strengthen our organizational values. The budget represents a comprehensive plan for the City's spending activities as well as an overall plan for providing city services during the coming fiscal year. The appropriation levels reflect the requirement to balance the budget while maintaining conservative budgeting principles and proactively elevating our infrastructure. The adjusted budget promotes accountability, tells the story of our continued successes in WORKING TOGETHER.

As we continue to deal with the impacts of COVID-19, our City Team has not wavered in our efforts to provide outstanding service to our city and our thousands of yearly visitors. Every team member continues to demonstrate resiliency, innovation, and commitment to five-star service. I am honored and thankful for leading such a great team.

The adjusted budget acknowledges the importance of investing in our greatest resource, our IRB Employee Team. The adjusted budget provides a continued competitive benefit package and ensures that we are competitive in the public sector market. The adjusted budget proposes no increases to team member premiums, nor recommends any changes to out-of-pocket maximums.

#### REVENUE/APPROPRIATIONS/RESERVES OUTLOOK

According to the Pinelias County Property Appraiser's Office, our property tax assessed value is expected to increase by approximately 16.14% or 8.73% higher than last year's increase. Of the 16.14% increase in taxable values, over 11.7% is attributed to new construction during

August 2, 2022 Page 2

the last year. In total, the value of new construction exceeds \$26 million. Higher assessed tax values are primarily contributed to higher home prices, a competitive market, conversion of traditional residential to vacation rentals and the ability for many to work from home.

The adjusted budget maintains the mill levy at 1.8326% which ensures our ranking among the lowest mill rates in Pinellas County, and one of the lowest in the State of Florida (See Appendix D). All other revenue sources are stable, or rising slightly, which allows us to accurately make future projections. Our reserve fund remains strong and is significantly higher than the national average.

The General Fund expenses total of \$4,266,110. The proposed budget provides for the transfer of \$154,190 from the general fund to the capital improvement fund for stormwater improvements.

These transferred funds are generated from a portion of the increase in our property tax assessed values. The City of Indian Rocks Beach remains one of the only cities in Pinellas County that does not have a stormwater fee or utility tax.

Currently, the City's unassigned reserves balance is approximately \$3.8 million or 87% of General Fund expenditures. In addition to the General Fund reserve account, the budget includes an updated IRB Five Year Capital Plan with an estimated reserve balance at the end of the five-year period of approximately \$712,650.

#### **ELEVATING OPERATIONS**

Highlights of the adjusted general fund budget include:

#### CITY OF INDIAN ROCKS BEACH BUDGET GUIDE

A budget is a city's financial and operating plan for a period called a "Fiscal Year," and is mandated by Florida Statutes. The City of Indian Rocks Beach's Fiscal Year begins October 1 and ends September 30. The Fiscal Year beginning October 1, 2022, is referred to as "Fiscal Year 2022-23" or sometimes as FY23. The City Commission is required to adopt the budget on or before September 30 each year for the upcoming Fiscal Year.

The City cannot spend money unless appropriated within the budget. An appropriation is the legal approval given by the City Commission to the City staff to spend money. The budget also contains an estimate of revenues to be received by the City during the same time period. The legal authorization to collect revenues, such as the property tax and user fees, is established by State Statutes and the City Charter and is enacted by the City Commission by ordinance. Also included in the budget is the estimate of monies remaining from the prior fiscal year, called unassigned fund balance, which can be appropriated in the next fiscal year. The City Charter and State law require that expenditures not exceed the combination of available fund balance and revenues. The City cannot borrow money to operate, as does the Federal government. The City can only borrow money for major capital projects, such as the purchase of land, major equipment, or the construction of buildings.

The budget may be amended in two ways: an informal budget transfer requested by department heads and approved by the City Manager that transfers dollars between line items within a department or from one department to another; and a budget amendment which increases expenditures or the spending level of a fund, as requested by the City Manager and approved by the City Commission.

### THE BUDGET PROCESS HOW IS THE BUDGET PREPARED AND ADOPTED?

The budget process is a year-round activity. The FY 2022-23 budget is adopted and becomes effective October 1, 2022. The next fiscal year's budget preparation process intensifies after receipt of the annual Comprehensive Annual Financial Report (CAFR), which this year occurred in April 2022. The audited figures in the CAFR serve as the basis for preparing the forthcoming fiscal year budget. The staff develops a capital improvement plan (CIP) for review with the City Commission and the Finance & Budget Review Committee.

The City Charter requires that ninety (90) days before the beginning of the next fiscal year, the City Manager and Finance Director submit the proposed new fiscal year Budget to the City Commission. During July, the City Commission establishes a maximum proposed property tax rate to be levied for the new fiscal year. This rate is included in the TRIM (Truth in Millage – Notice of Proposed Property Tax) notices mailed to all property owners in August by the Pinellas County Property Appraiser. During the month of July the City Commission also reviews the budget during special work sessions which are open to the public.

In the month of September, two public hearings are held regarding the proposed property tax and budget for the new fiscal year with the City Commission voting on the tax rate and proposed budget at both public hearings. An appropriation ordinance is also passed by the City Commission at this time. On September 30th each year, the existing fiscal year budget closes and the new fiscal year begins October 1st.

#### **BUDGET BASIS**

Annual budgets are legally adopted for the General, Special Revenue and Enterprise Funds and are controlled on a fund level. Expenditures are recognized as encumbrances when a purchase commitment is made.

The Comprehensive Annual Financial Report (CAFR) shows the status of the city's finances on the basis of "generally accepted accounting principles" (GAAP). In most cases this conforms to the way the city prepares its budget. Exceptions are as follows:

- a. Compensated absences, liabilities that are expected to be liquidated with expendable available financial resources, are accrued as earned by employees (GAAP) as opposed to being expended when paid (budget).
- b. Capital outlay items within the Enterprise Funds are recorded as assets on a GAAP basis and as expenditures on a budget basis.

#### WHAT IS A FUND?

The basic building block of governmental finance and budgeting is the "fund". Each fund is independent of all others, and is created to account for the receipt and use of specific revenues.

The General Fund is the City's largest fund and includes a listing of sources of funds, such as property taxes, franchise fees, licenses and permits, communications tax, state shared revenue, ½ cent sales tax, alcohol tax, fines and miscellaneous revenues. Sources of revenue may also include re-appropriations from the previous fiscal year and cost allocations which show up as expenditures in the Enterprise Funds. The General Fund will also include a list of expenditures such as personnel, property insurance, legal fees, law enforcement and other operating costs. Details of departmental expenditures are provided to illustrate the operating costs.

A Special Revenue Fund is normally established to account for revenues that are restricted by statute or ordinance for a particular purpose, or where the City wishes a separate accounting of the costs of a special project. The City maintains five such funds: Local Option Sales Tax, Local Option Gas Tax, Transportation Impact Fee, Recreation Impact Fee and Development Impact Fee Fund.

An Enterprise Fund is a self-supporting entity deriving its revenue from charges placed on the users of its services, much like a private business. The City operates one Enterprise Fund: Solid Waste.

#### TRUTH IN MILLAGE (TRIM)

The budget and property tax rate adoption process is governed by the State Statute known as TRIM (Truth in Millage). In Florida, properties are assessed by the county Property Appraiser and property taxes are collected by the county Tax Collector. Property owners are eligible to receive a homestead exemption of \$50,000 on their principal place of residence. Senior citizens who qualify may receive an additional \$25,000 homestead exemption. All property is assessed at 100% of real value, which typically is less than market value.

The City is required to hold two public hearings for adoption of a property tax rate and budget. The first public hearing is advertised by the Property Appraiser mailing a TRIM notice to each property owner. The TRIM notice contains the new assessed value, the prior year assessed value, and the tax rate being levied for the year.

The second public hearing is advertised using a 1/2-page newspaper advertisement. Accompanying this advertisement is a summary of the revenues and expenditures contained within the budget tentatively approved at the first public hearing.

# CAPITAL IMPROVEMENT PLAN 2023-27

# LOCAL OPTION SALES TAX CAPITAL IMPROVEMENT PROJECTS FUND

The Local Option Sales Tax Fund is a special revenue fund, which accounts for the receipt and expenditure of the City's portion of the Local Option Infrastructure Surtax (One-Cent Sales Tax) levied by Pinellas County for a 10-year period beginning February 1990, recently extended by voter referendum. The proceeds are exclusively restricted for public infrastructure projects.

The City receives a portion of the proceeds of the Local Option Sales Tax based on an inter-local agreement between the City and the County. Funds are distributed between the County and municipalities based on the percentage of the population living in the unincorporated area and in each municipality.

# AGENDA ITEM NO. 2A ORDINANCE NO. 2022-06 SECOND AND FINAL READING SOLID WASTE FEE SCHEDULE

#### INDIAN ROCKS BEACH CITY COMMISSION AGENDA MEMORANDUM

**MEETING OF:** 

**September 21, 2022** 

**AGENDA ITEM: 2A** 

SUBMITTED BY:

Dan Carpenter, Finance Director

APPROVED BY:

Dean Scharmen, Public Services Director

Brently Gregg Mims, City Manager

SUBJECT:

Ordinance No. 2022-06 - Second Reading - Amendment to City

Code Section 50-36, 50-37 & 50-91, Solid Waste - Collection and

Disposal – Fee Schedule.

#### **BACKGROUND:**

The City continues to maintain a high service level residential and commercial solid waste program that benefits all citizens. Services include a recycling program, curbside pick up, and yard waste disposal. The fee schedule for the collection and disposal of solid waste of the City is addressed in the City Code, Section 50-91 (attached). The goal or emphasis of any solid waste rate increase is to adjust rates to allow for the solid waste fund to generate adequate income to satisfy annual cost requirements and provide for minimal operating reserves of 3 months within the fund.

#### ANALYSIS:

A review of the solid waste fund revenue and expenditures was performed at the July 26th, 2022 City Commission budget workshop. Based upon the most up to date data and economic factors available adjustments were recommended to the current solid waste fees. Key areas include the generation of adequate annual operating income, significant increases in costs associated with curbside recycling, future capital equipment replacement costs, and the accumulation of operating reserves within the fund.

The Tentative budget for FY 2023 reflects increases in monthly residential and commercial solid waste rates of 6.00%. The current \$29.48 per month charge for residential solid waste is recommended to increase to \$31.25. For commercial solid waste customers, rates are recommended to increase 6% in the tentative FY 2023 budget.

#### **MOTION:**

Move to approve/deny Ordinance No. 2022-06 on second reading to increase solid waste fees 6.00% for residential/multifamily and 6.00% for commercial solid waste customers for FY 2023, and establish a minimum special pickup fee.
