City of Indian Rocks Beach

1507 Bay Palm Boulevard, Indian Rocks Beach, Florida 33785

www.indian-rocks-beach.com

April 29, 2025

The Honorable Commissioners,
and Citizens of Indian Rocks Beach, Florida

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Indian Rocks Beach, Florida, for the fiscal year ended September 30, 2024, as mandated by both local ordinances and State Statutes. The Annual Comprehensive Financial Report was compiled by the City Finance Director & City Manager, in close cooperation with the external auditor and associates, and represents the official report of the City's financial operations and condition to the citizens, City Commission, the financial community, and other persons interested in the financial affairs of the City of Indian Rocks Beach. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City.

We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain maximum understanding of the City's financial affairs have been included. To maintain a reasonable basis for making these representations, management maintains an internal control structure that provides reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's accounting policies.

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with the MD&A. The City of Indian Rocks Beach's MD&A can be found immediately following the report of the independent auditors.

The City of Indian Rocks Beach financial statements have been audited by Forvis Mazars, LLP., a firm of certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the Fiscal Year ended September 30, 2024, are free of material misstatement. The audit involved examining evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statements. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the Fiscal Year ended September 30, 2024, are fairly presented in conformity with GAAP. The independent auditor's report is presented on page 1 of this report.

Profile of the Government

The City of Indian Rocks Beach was incorporated on June 25, 1955, under the provisions of the Laws of Florida, Chapter 30852, and since that time, has operated under the same Charter. The City is an independent reporting entity as defined by the Governmental Accounting Standards Board (GASB). The City is a political subdivision of the State of Florida, located in Pinellas County, operating under a City Manager/City Commission form of government. The City is located on a barrier island on the southwest coast of the state and is approximately 1.4 square miles in area and is part of the Tampa Bay metropolitan area. Please visit www.indian-rocks-beach.com for more information about the City and for links to other sites within the area.

The City provides municipal services that include solid waste collection, community planning, street repair and maintenance, drainage repair and maintenance, parks, and library services. The City contracts with Pinellas County for building permitting services. Pinellas County government provides potable water, sewer collection & treatment, solid waste disposal, and the jail/court systems while Pinellas Suncoast Fire and Rescue District provides fire and rescue services. The City contracts with the Pinellas County Sheriff's Office for law enforcement.

The City operates under a commission-manager form of government. Policy-making and legislative authority are vested in the City Commission consisting of five members. The City Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City's Manager, City Attorney and City Clerk. The City Manager is the Chief Executive Officer of the City and is responsible for carrying out the policies and ordinances of the City Commission, for the day-to-day operations of the City, for appointing the heads of the various departments, and the hiring and supervision of all City team members. In addition, the City Manager is responsible for the supervision of the City Attorney and City Clerk. The City Commission is elected on a non-partisan basis and serves a two-year term.

The annual budget is the foundation for the City's financial planning and control systems. All City department heads are involved in the annual budget process. A Finance and Budget Review Committee, as established in the City Code of Ordinances, reviews the request for appropriation as submitted by the City Manager. The City Manager then presents this proposed budget to the City Commission for review in June of each year. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund, function and by department, and as the year progresses, budget to actual comparisons is provided to each department, as well as the City Commission.

Local Economy

In late September early October 2024, the city was directly hit by two major Hurricanes. The two storms damaged approximately 75% of all residential and commercial properties within the city, including flooding and structural damage. Currently, the focus of the city continues to be the rebuilding and repair of damaged structures, with many residential properties, multi-family homes, and commercial properties undergoing reconstruction efforts. In total, taxable property values rose 11.65% in 2024. Future property valuations will be negatively affected during reconstruction efforts, thus impacting

future ad valorem tax collections. Both prior to and after the storms, the city continues to experience high numbers of conversions of full-time residences to short-term or vacation rental properties. In addition, new construction and highly desirable waterfront properties added to the large increases in property values. Inflation impacts and high costs continue to pressure the purchasing abilities of both governmental and enterprise operations. Investment returns remain strong for operating and surplus funds.

Long-term Financial Planning

Financial planning for the immediate and foreseeable future remains a key stabilizing factor for the City. The City Manager proposes, and the City Commission reviews and adopts a five-year capital improvement plan, which is updated annually. Replacing and maintaining infrastructure throughout the City, including road, drainage, and parks facilities, remains a primary responsibility. Maintaining strong fund balances, the receipt of sufficient revenues and operating efficiencies all continue to be focal points of the City and its efforts to meet the service demands of residents.

Major Initiatives

The City proactively addresses the strategic needs for services and investing in its capital infrastructure. In total, over \$3.4 million in capital project funding is budgeted for fiscal year 2025. Major projects include:

- *\$400,000 Street Reconstruction.*
- *\$1.0 million City Park upgrades and improvements.*
- *\$1.3 million Utility undergrounding Phase II North Gulf Blvd.*
- *\$700,000 Future drainage enhancement projects*

Relevant Financial Policies

It is the policy of the City Commission to maintain a General Fund reserve equal to six months of operating expenditures (50%) of the General Fund. This is the target that the unassigned fund balance should not fall below without establishing a replenishment plan. Funds in excess of these required reserves may be appropriated by the City Commission for specific capital improvement projects or other one-time needs. Funds are invested in a manner which provides the highest investment return with maximum security, while meeting the daily cash flow demands of the City.

It is the policy of the City Commission that enterprise fund operations, solid waste, shall be self-supporting. Periodic review of rate schedules helps to ensure that enterprise funds are self-supporting. Additionally, Commission policy requires that unrestricted fund balances of the enterprise funds be maintained at a level equivalent to the greater of three months of operation and maintenance expenses for the solid waste fund.

Internal and Budgetary Control

A major emphasis is placed by the City on effective internal control in the City's accounting system. Internal control seeks to provide reasonable assurance that assets are safeguarded against loss from

unauthorized use or disposition, and that financial records are reliable for preparing financial statements and maintaining accountability for assets. In addition, the independent certified public accountants perform annual reviews as part of their examination of the financial statements.

Budgetary control is maintained at the department level by using comparisons to budgeted amounts before releasing purchase orders to vendors. Any increase or decrease in the total budget of a fund must be approved by the City Commission.

Award for Financial Reporting

The City participates in the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting Program. This program encourages governments to prepare financial reports in accordance with standards which promote consistency, full disclosure and uniformity among all governmental entities. The Certificate of Achievement recognizes conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded the Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR that conforms to rigorous program standards. The ACFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The city last received the award for its FY 2023 ACFR. The administration believes the current ACFR also conforms to all program requirements and will, therefore, be submitted to the GFOA to determine its eligibility for another certificate.

Acknowledgements

Preparation of this ACFR was made possible through the dedicated efforts of everyone in the Finance Department. We would like to thank all City department heads for their contribution to the audit process by ensuring the accuracy of accounting information recorded throughout the year.

We also wish to thank the members of the City Commission and citizens for WORKING TOGETHER to support planning and conducting proactive financial operations of the City in a responsive and progressive manner.

Respectfully Submitted,

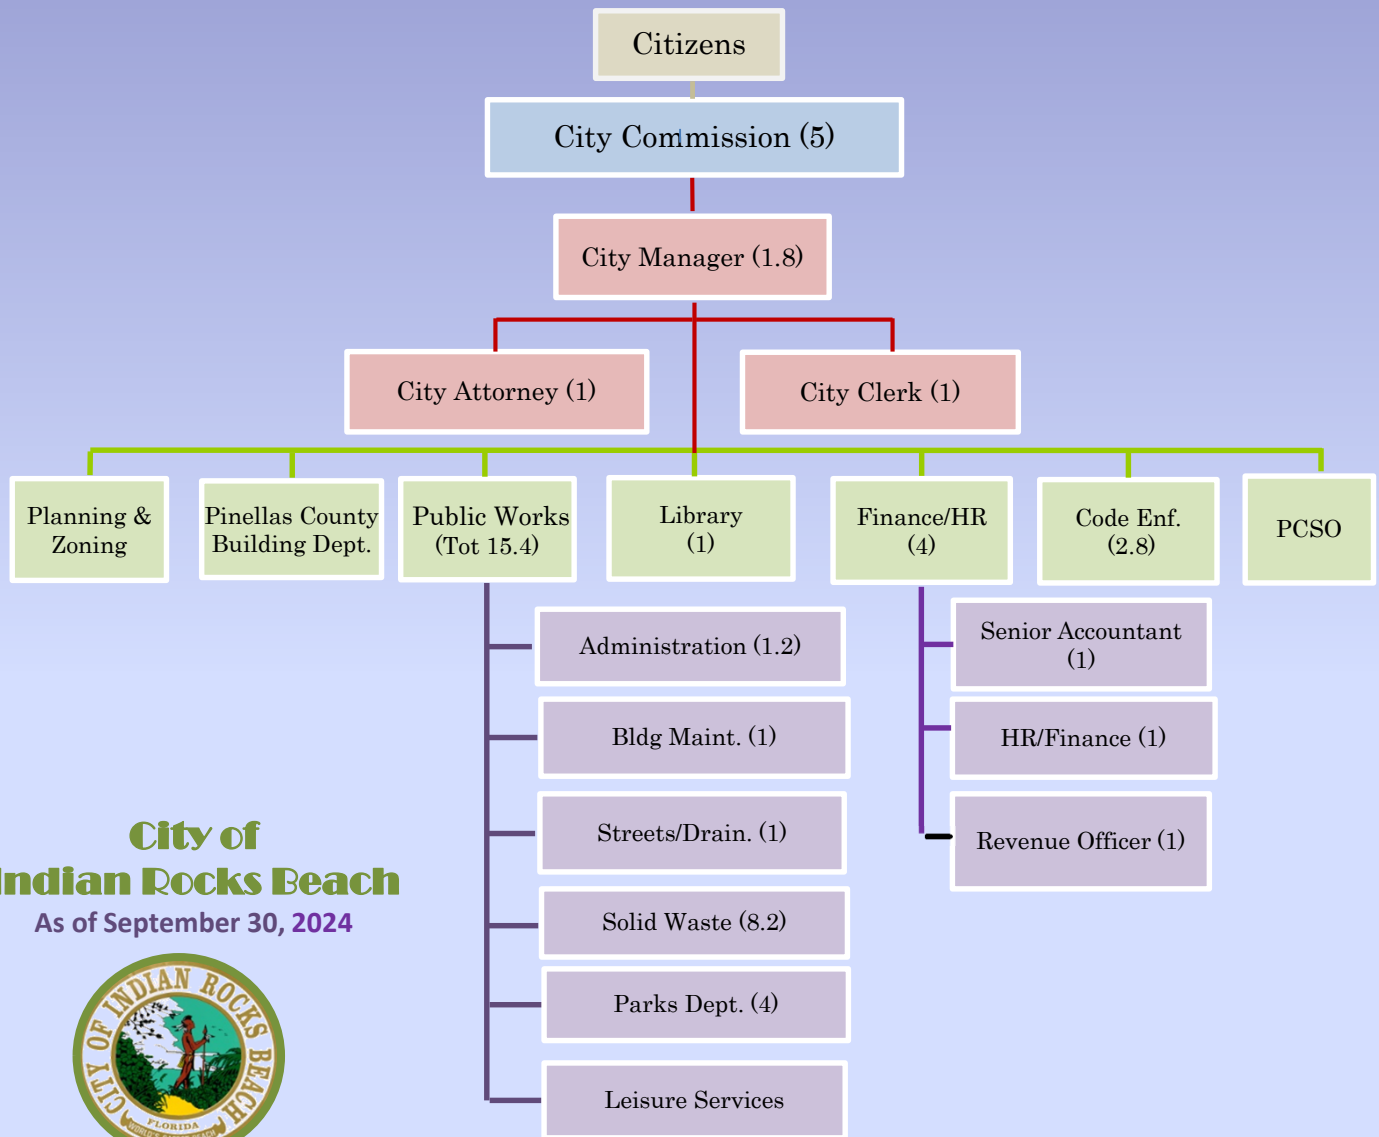

Brently Gregg Mims,
City Manager

Independent Auditor's Report

The Honorable Mayor and City Commission
City of Indian Rocks Beach, Florida
Indian Rocks Beach, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Indian Rocks Beach, Florida (the "City") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during that audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule, pension, and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 29, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Forvis Mazars, LLP

Tampa, Florida
April 29, 2025

CITY OF INDIAN ROCKS BEACH, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2024

The City of Indian Rocks Beach's (the "City") Management's Discussion and Analysis (the "MD&A") presents an overview of the City's financial activities for the fiscal year ended September 30, 2024. This document should be read in conjunction with the letter of transmittal in the introductory section, and the City's financial statements following the MD&A.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2024 by \$22.7 million (net position). Of this amount, \$6.8 million (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- At September 30, 2024, the City's governmental funds reported combined ending fund balances of \$7.7 million, an increase of \$252 thousand in comparison with the prior year.
- At September 30, 2024, the unassigned fund balance for the General Fund was \$6.06 million, or 128% of total General Fund expenditures.
- Governmental funds revenues of \$9.96 million increased \$2.88 million, or 40% more than the prior fiscal year.

Overview of the Financial Statements

This MD&A is intended to serve as an introduction to the City's basic financial statements which are comprised of three components: 1) government-wide financial statements; 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The *government-wide financial statements*, which consist of the following two statements, are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during fiscal year 2024. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected but earned revenue and unused vacation leave).

Both of these financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, physical environment, transportation and culture/recreation. The business-type activity of the City includes solid waste collection and disposal. The government-wide financial statements can be found immediately following the MD&A.

Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains several individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, and the Sales Surtax Fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* in the other supplemental information section of this report.

The City adopts an annual appropriated budget for its General Fund and all of the special revenue funds. Budgetary comparison schedules have been provided for the budgeted funds to demonstrate budgetary compliance. The basic governmental fund financial statements may be found immediately following the government-wide financial statements.

Proprietary funds

The City maintains one proprietary fund. The *enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the fiscal activities relating to solid waste disposal.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Solid Waste Disposal Fund, which is considered to be a major fund of the City. The basic proprietary fund financial statements follow the governmental fund financial statements.

Notes to the financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found after the proprietary fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes to the financial statements, *required supplementary information* is included which presents budgetary comparison schedules for the City's General Fund. Required supplementary information can be found following the notes to the financial statements. The combining statements referred to earlier in connection with nonmajor governmental funds are presented in the other supplemental information section of this report. Combined and individual fund budgetary comparison schedules can be found after the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$22.6 million at the close of the fiscal year ended September 30, 2024. At the end of fiscal year 2024, the City continues to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

City of Indian Rocks Beach, Florida						
Net Position						
	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Current and other assets	\$ 9,435,298	\$ 9,637,209	\$ 1,219,082	\$ 705,448	\$ 10,654,380	\$ 10,342,657
Capital Assets (Net)	13,978,468	13,575,016	370,535	453,461	14,349,003	14,028,477
Total Assets	23,413,766	23,212,225	1,589,617	1,158,909	25,003,383	24,371,134

Current and other liabilities	1,770,077	2,193,974	82,644	67,983	1,852,721	2,261,957
Long-Term Liabilities	195,888	435,424	114,355	141,192	310,243	576,616
Total Liabilities	1,965,965	2,629,398	196,999	209,175	2,162,964	2,838,573
Deferred inflow s of resources	107,514	35,145	107,515	19,194	215,029	54,339
Net Position:						
Net Investment in Capital Assets	13,978,468	13,575,016	370,535	453,461	14,349,003	14,028,477
Restricted	1,510,641	2,063,727	-	-	1,510,641	2,063,727
Unrestricted	5,866,333	4,959,952	929,723	500,337	6,796,056	5,460,289
Total Net Position	\$ 21,355,442	\$ 20,598,695	\$ 1,300,258	\$ 953,798	\$ 22,655,700	\$ 21,552,493

Of total net position, the City has \$14.3 million (63%) invested in *capital assets* (e.g., land, buildings, equipment and infrastructure) less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. The City has *restricted net position* of \$1.5 million for capital projects and special revenues. The remaining balance of *unrestricted net position* of \$6.8 million may be used to meet the government's ongoing obligations to citizens and creditors.

Governmental activities

The Change in Net Position of the Governmental Activities of approximately (\$757) thousand represented an increase compared to the prior year. This increase in Net Position resulted from several varied elements including increased interest earnings on excess or surplus funds resulting from sharp rises in interest rates, large property value increases, and fines generated from code enforcement activities. FY 2024 was highlighted with continued supply chain issues and inflationary price pressures for most products and services. Capital grant revenue saw the largest increase at just under \$3.7 million, as stormwater development projects associated with Federally funded grants and progress on the Pinellas County funded infrastructure project undergrounding of utilities along Gulf Blvd. continued. Governmental revenues increased by over 41% in 2024 when compared to the prior year.

Business-type activities

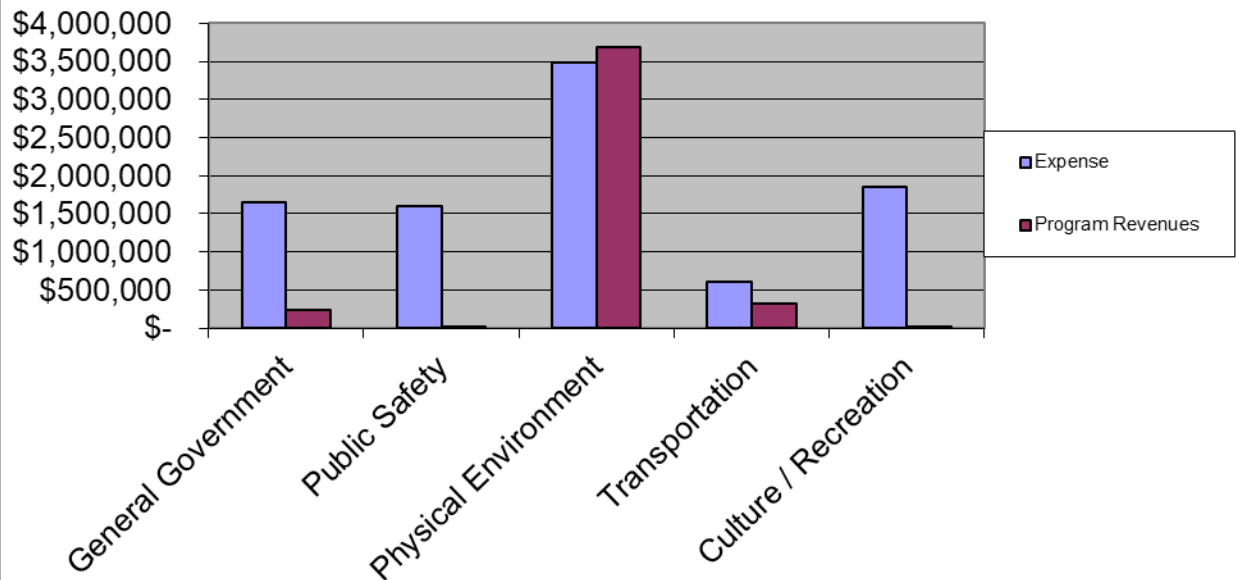

The Change in Net Position of Business-type Activities of \$346 thousand represented an increase compared to prior fiscal year. In total, program or fee revenue was in excess of solid waste fund expenses by \$346 thousand in 2024. Solid waste fund revenues in total increased by \$293 thousand or 16% for 2024 mostly due to scheduled increases in fees for all services within the solid waste fund operation. There were no capital purchases for 2024.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the *unrestricted (committed, assigned, and unassigned) fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2024, the City's governmental funds reported combined ending fund balances of \$7.7 million, an increase of \$252K in comparison with the prior year. Unassigned fund balance is \$6.06 million and is available for spending, subject to regulatory, statutory and budgetary restrictions. The remainder of fund balance is not available for new spending because it has already been committed for: 1) capital projects (\$1.3 million), 2) emergencies (\$100 thousand), and 3) impact fee programs (\$209 thousand).

The General Fund is the chief operating fund of the City. At the end of fiscal year 2024, unassigned fund balance of the General Fund was \$6.06 million, while total fund balance was \$6.18 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures and transfers out. Unassigned fund balance represents 128% of the total General Fund expenditures. Total fund balance of the City's General Fund increased by \$805 thousand, or 15%, during the fiscal year. The increase in fund balance resulted from strong property tax collection revenues, sharp rises in interest rates on invested funds, and cost controls within all areas of expenditures.

The Sales Surtax Fund is used to account for the receipts of a local option sales tax that is to be utilized for the City's capital projects. For the fiscal year 2024, the fund balance decreased by \$600 thousand. Capital expenditures for fiscal 2024 were allocated towards road reconstruction, stormwater development projects, underground utility projects along Gulf Blvd., City park upgrades & improvements, and stormwater enhancements. In total, over \$4.9 million of capital projects were completed in fiscal year 2024.

Enterprise fund

The City's enterprise fund provides the same type of information found in the government-wide financial statements, but in more detail. The City has one enterprise fund: the Solid Waste Disposal Fund, which is a major fund. Unrestricted net position of the Solid Waste Fund, at the end of the year, was \$930 thousand.

The Solid Waste Disposal Fund is used to account for the City's solid waste disposal operations. For fiscal year 2024, the Solid Waste Disposal Fund increased \$346 thousand in Net Position for the year. Solid waste fund revenues in total increased by \$293k or 16% for 2024 resulting from approved rate increases for both residential and commercial customers.

General Fund Budgetary Highlights

The following table shows the differences between actual expenditures and the final budget for the General Fund:

<u>September 30, 2024</u>	<u>Actual Expenditures</u>	<u>Final Budget</u>	<u>Difference</u>
General Government	\$ 1,697,525	\$ 1,622,540	\$ 74,985
Public Safety (Law Enforcement, Code Enforcement & Permitting)	1,598,663	1,645,060	(46,397)
Physical Environment	351,513	358,010	(6,497)
Transportation	248,170	279,860	(31,690)
Culture / Recreation	820,003	907,560	(87,557)
	<u>\$ 4,715,874</u>	<u>\$ 4,813,030</u>	<u>\$ (97,156)</u>

Capital Assets and Debt Administration

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2024 amounts to \$14.3 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, machinery and equipment, vehicles and construction in progress. The City's investment in capital assets increased \$321K or 2% for fiscal year 2024. The major capital asset events during the year included road reconstruction, park facility upgrades and improvements, stormwater enhancements, and an underground utility project along Gulf Blvd.

Additional information on the City's capital assets can be found in Note F of this report.

Long-term Debt

At the end of fiscal year 2024, the City had a compensated absences liability of \$126,497, and a liability for other postemployment benefits of \$82,594. Net Pension Liability totaled \$139,241 at the end of fiscal year 2024.

Long-term Debt

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023

Additional information on the City's debt can be found in Note G of this report.

Economic Factors and Next Year's Budgets and Rates

Factors considered in preparing the City's budget for fiscal year 2025 included:

- The adopted budget for 2025 maintains the previously approved mill levy rate of 1.73000 mills.
- Population remained at the same level of 3,740 in 2025 according to the U.S. Census Bureau. The Census Bureau estimate does not factor into consideration the conversion of traditional residential houses to vacation rentals.
- Full-time equivalent positions City-wide were approved at 26.0 for fiscal 2025 or no change.
- The elimination of the cost allocation from the Solid Waste Budget to the General Fund Budget.
- Cost of living increases of 5% for all City employees.
- A 7% rate increase in solid waste fees for both commercial and residential customers.

Requests for Information

This financial report is designed to present users with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, contact the City's Finance Department, (727-595-2517), 1507 Bay Palm Boulevard, Indian Rocks Beach, Florida 33785.

City of Indian Rocks Beach, Florida
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
Governmental Funds to the Statement of Activities
For the Fiscal Year Ended September 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 252,361
--	------------

<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$2,544,074) is more than depreciation (\$798,821) and a loss on disposal of assets due to hurricane Idalia (\$1,341,801)</p>	403,452
--	---------

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. These adjustments are as follows:

Compensated absences	(5,958)
Other postemployment benefits	(11,969)

Governmental funds report City pension contributions as expenditures. In the statement of activities, the cost of pension benefits earned net of contributions is reported as pension expense.

Difference between pension contributions and net pension expense	118,861
--	---------

Change in net position of governmental activities	<u><u>\$ 756,747</u></u>
---	--------------------------

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Reporting Entity

The City of Indian Rocks Beach, Florida, (the "City") located in Pinellas County, is a political subdivision of the State of Florida pursuant to Article VIII, Section 1(a), of the Constitution of the State of Florida. The City was incorporated on June 25, 1955 and since that time has operated under the same Charter. The City is approximately 0.865 square miles in area. The legislative branch of the City is composed of a five-member elected Commission. The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission-appointed City Manager. The City Manager is responsible for the day-to-day operation of the City and the management of all Team Members. Fire Services in the City are provided by the Pinellas Suncoast Fire Rescue District. Law Enforcement Services are provided through a contract with the Pinellas County Sheriff's Office. All other traditional city services including solid waste operations are provided by the City.

The financial statements of the City have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as applied to governmental units. GAAP requires management to make use of estimates that affect reported amounts in the basic financial statements. Actual results could differ from those estimates. Based upon the application of the criteria, as set forth in Governmental Accounting Standards Board ("GASB") Statement Number 61, *The Financial Reporting Entity*, there are no potential component units or related organizations of the City. Following is a summary of the more significant policies of the City.

2. Government-wide and Fund Financial Statements

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. These statements report information on all activities of the primary government as a whole. As part of the consolidation process, all interfund activities are eliminated from these statements except for the residual amounts between governmental and business-type activities reported as "internal balances." On both statements, governmental and business-type activities are reported separately.

Net position, the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, as presented in the Statement of Net Position, is subdivided into three categories: amounts net investment in capital assets,; restricted net position; and unrestricted net position. Net Position is reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, or laws and regulations of other governments, or by law through constitutional provisions or enabling legislation.

The Statement of Activities presents a comparison between the direct and indirect expenses of a given function or segment and its program revenues, and displays the extent to which each function or segment contributes to the change in net position for the fiscal year. Direct expenses are those that are clearly identifiable to a specific function or segment. Indirect expenses are costs the City has allocated to functions through various allocation methods.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to amounts received from those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues not classified as program revenues are reported as general revenues.

Separate fund financial statements report detailed information about the City's governmental and proprietary funds. The focus of governmental and proprietary fund financial statements is on major funds. Therefore, major funds are reported as separate columns in the fund financial statements and nonmajor funds are aggregated and presented as a single column on each statement. The results of governmental fund accounting are converted to the government-wide presentation by reconciliation.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this are payments-in-lieu of taxes and other charges between the City's utilities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements, as well as the proprietary fund financial statements, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred. Property tax revenues are recognized in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

All governmental fund financial statements are reported using a current financial resources measurement focus on a modified accrual basis of accounting. Under this basis, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available is defined as collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period, usually considered sixty (60) days.

The primary revenue sources for governmental funds are property taxes, public utility taxes, franchise fees, and sales and fuel taxes. Primary revenue sources associated with the current fiscal period are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenues, such as licenses and permits, charges for services, and miscellaneous revenues, are considered to be measurable and available only when payment is received.

Expenditures of governmental funds are generally recorded when a liability is incurred, as under accrual accounting. However, accumulated sick and vacation pay, prepaid insurance and similar items are recorded only when payment is due.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Proprietary funds distinguish between operating and non-operating revenues and expenses. Operating revenues generally result from producing and delivering goods or providing services, such as waste disposal services, to the general public. Operating expenses for these operations include the costs of sales and services, administrative expenses, and depreciation. All revenues and expenses not meeting the definition of operating are reported as non-operating revenues and expenses.

Major funds are those whose revenues, expenditures and liabilities are at least ten (10%) percent of corresponding totals for all governmental or enterprise funds, and at least five (5%) percent of the aggregate amount for all governmental *and* enterprise funds for the same item.

The government reports the following major governmental funds:

General Fund - The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund.

Sales Surtax Fund - The Sales Surtax Fund accounts for the capital projects funded by the local option sales tax.

The government reports the following major proprietary fund:

Solid Waste Disposal Fund - The Solid Waste Disposal Fund accounts for the activities of the government's solid waste disposal service to both commercial enterprises and residents.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as needed.

4. Cash and Cash Equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly-liquid, short-term investments with original maturities of three months or less from the date of acquisition. The City maintains centralized checking accounts for all funds.

Cash equivalents include pooled investments with the Florida Surplus Asset Fund Trust. The Florida Surplus Asset Fund Trust ("SAFE") is a 2a7-like pool carried at amortized cost which approximates market. A 2a7-like pool is not registered with the Securities and Exchange Commission ("SEC") as an investment company but nevertheless, has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, these pools operate essentially as a money market fund. Additionally, cash equivalents include pooled investments with the Florida Cooperative Liquid Assets Securities System (FLCLASS), and Florida Fixed Income Trust (FLFIT), both of which are independent local government investment pools, designed to provide a safe and competitive investment alternatives to Florida governmental entities. Both FLCLASS and FLFIT are rated 'AAAm' by S&P Global Ratings Services, the highest rating assigned to principal stability government investment pools.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. Investments

The City's investment activities are governed by Chapter 218.415, Florida Statutes. In accordance with this statute, the City may invest any surplus funds in (a) the Local Government Surplus Funds Trust Fund ("SBA"); (b) SEC registered money market funds with the highest credit quality rating from a nationally-recognized rating agency; (c) interest-bearing time deposits or savings accounts in qualified public depositories; and (d) direct obligations of the U.S. Treasury. Securities listed in (c) and (d) must be invested to provide sufficient liquidity to pay obligations as they become due. The City has adopted an investment policy, in compliance with Florida Statutes, to establish a formal policy on the investing of City funds.

Investments are stated at fair value. Changes in the fair value during the year are included in investment income or loss.

6. Receivables and Payables

Activity between funds, representative of lending/borrowing arrangements outstanding at the end of the fiscal year, is referred to as either "due to/from other funds" (the current portion of interfund loans) or "advances to/from other funds" (the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by fund balance classifications or components in the applicable governmental funds to indicate that they are not available for appropriation and are non-spendable, restricted, committed, assigned or unassigned.

Trade receivables consist of account balances less than 180 days overdue. Account balances exceeding 180 days compromise the trade accounts receivable allowance for uncollectible.

7. Prepayments and Deposits

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These amounts are offset by fund balance classifications or components which indicate that they do not constitute available resources.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

8. Property and Equipment

Capital assets, including land, buildings, improvements other than buildings, infrastructure (i.e., roads, bridges, sidewalks, and similar items) and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial cost of \$10,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost, or estimated historical cost if constructed. Contributions or donations of capital assets received from federal, state or local sources are recorded as contributions when received and are stated at acquisition value.

Major additions, improvements and expenditures that significantly extend the useful life of an asset are capitalized as projects are constructed. Interest is capitalized on projects during the construction period based upon average accumulated project expenditures. The costs of normal maintenance and repairs that do not improve or extend the life of the respective assets are not capitalized.

Capital asset depreciation is recognized using the straight-line method over the estimated useful lives as follows:

<u>Asset Classification</u>	<u>Range of Lives</u>
Buildings	45 – 55 years
Improvements other than buildings	20 – 30 years
Machinery, equipment and other	5 – 15 years

9. Compensated Absences

Annual Leave:

The City permits employees to accumulate earned annual leave (vacation). Vacation is earned at 6.67 hours per month, not to exceed 80 hours or two work weeks (ten working days) per year for employees during their first five years. Employees with five full years of uninterrupted service receive ten hours per month, not to exceed 120 hours or three weeks (fifteen working days) per year. Annual leave may be accumulated from year to year up to a maximum accrual of 240 hours (thirty working days). An employee with a minimum of six months of continuous employment shall be compensated for all accrued unused annual leave hours at their basic straight-time, hourly rate upon separation from employment. In the event of an employee's death, all accumulated vacation will be paid to the employee's estate.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as general long-term debt. No expenditure is reported for these amounts. Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees.

Accumulated compensated absences for annual leave are recorded as expense in the government-wide and proprietary funds when incurred. A liability for these amounts is reported in the governmental fund only if they have matured, for example, as a result of employee resignations and retirements.

Sick Leave:

Sick leave is earned at the rate of 3.08 hours per payroll period by full-time employees. Unused sick leave may be accumulated up to a maximum of 720 hours. Since sick leave is forfeited upon separation from City employment, no liability for sick leave has been recorded in these financial statements.

10. Deferred Outflows / Inflows of Resources

In addition to assets and liabilities, the City reports the financial statement elements of deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expenditure or expense) until that applicable time. Deferred inflows of resources represent an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that applicable time.

The City reports two items that qualify as deferred outflows of resources on its government-wide and proprietary statements of net position, deferred outflows contributions and deferred outflows for pensions. The deferred outflows contributions and deferred outflows for pensions are aggregates of items related to pensions as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Both deferred outflows will be recognized as pension expense or a reduction of the net pension liability in future reporting years.

The City reports one item that qualifies as deferred inflows of resources on its government-wide and proprietary statements of net position, deferred inflows for pensions. The deferred inflows for pensions is an aggregate of items related to pensions as calculated under the same principles as deferred outflows for pensions, and will be recognized as a reduction to pension expense in future reporting years.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

11. Net Pension Liability

In the government-wide and proprietary statements, net pension liability represents the present value of projected benefit payments to be provided through the cost-sharing, defined-benefit pension plans to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension plans, and pension expense, information about the fiduciary net position and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The City allocated the net pension liability, deferred outflows for pensions, deferred inflows for pensions, and pension expense to funds and functions/activities based on their respective contributions made to the pension plans during the fiscal year.

12. Long-Term Liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

13. Fund Equity

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components: non-spendable, restricted, committed, assigned, and unassigned.

Non-spendable – This component includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted – This component consists of amounts that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments), or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Committed – This component comprises amounts which can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision-making authority, to include the City Charter, ordinances and resolutions, individually or in combination, to be construed as equally binding. Those committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (City charter, ordinance or resolution) it employed to commit those amounts. At September 30, 2024, the City had a committed amount for emergencies of \$100,000. This commitment was established by the City Commission in City Ordinance No. 555, paragraph 1, 6/15/1994. The ordinance defines an "emergency" as a natural disaster such as a hurricane or tornado, declarations of such by the governor or president, or other sudden and unexpected occurrences causing extensive damage to the essential infrastructure of municipal operation or unanticipated costs to the community. In the event there are expenditures from this fund, the balance shall be replenished no later than the next fiscal year, as reflected in the passage of the next fiscal year budget. Funds within this commitment shall be used for an emergency as declared by at least three affirmative commissioner votes.

Assigned – This component consists of amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the City Commission, City Manager or their designee.

Unassigned – This classification represents amounts that have not been restricted, committed or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

The nature and purpose of the classifications are explained on the face of the financial statement.

When both restricted and unrestricted (committed, assigned and unassigned) resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. When unrestricted resources are available for use, it is the City's policy to use committed resources first, then assigned, and then unassigned as they are needed.

Net Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction, or improvement of those assets.

Restricted – This component consists of net position that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

regulations of other governments) or by law through constitutional provisions or enabling legislation. The City would typically use restricted assets first, as appropriate opportunities arise, but may selectively defer the use of these funds.

Unrestricted – This component consists of net position that does not meet the definition of “net investment in capital assets” or “restricted.”

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, and then unrestricted resources as they are needed. In the general fund, the City strives to maintain an unassigned fund balance of three months of operating expenditures (50%) of the general fund. This is the target that the unassigned fund balance should not fall below without establishing a replenishment plan.

14. Revenues, Contributions, Expenditures, and Expenses

The City’s accounting treatment and recognition policies for certain revenues, expenditures, and expenses having unique accounting requirements are as follows:

Property taxes

Property taxes are billed in November and attach as a lien on the property as of January 1 of each year. Taxes become delinquent on April 1, and tax certificates on all property on which taxes are delinquent are sold at the end of May of each year. Property taxes are fully collected prior to the end of the fiscal year. Therefore, no material amounts of property taxes are receivable.

The tax levy of the City is established by the City Commission prior to October 1 of each year, and the Pinellas County Property Appraiser incorporates the City’s millage into the total tax levy, which includes the Pinellas County School Board tax requirements. The City is permitted by state law to levy taxes up to ten mills of assessed valuation exclusive of taxes levied for the payment of bonds. A mill levy of 1.7300 was approved for 2024.

All property is reassessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All taxes are due and payable on November 1 of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at a rate of 4% in the month

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest at 18% per year until the tax is either satisfied by seizure and sale of property, or by the five-year statute of limitations. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on property. After sale, tax certificates bear interest at 18% per year, or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Due to the Pinellas County Tax Collector's efficient system for selling tax certificates and remitting the proceeds to the City, any delinquent or uncollected property taxes at year-end are immaterial. The City's tax calendar is as follows:

Valuation Date	January 1
Levy Date	November 1
Due Date	March 31, succeeding year
Lien Date	April 1, succeeding year

Administrative service charges

Administrative services are provided to the solid waste enterprise fund by various departments within the general fund. These charges are recorded as revenues in the general fund and as operating expenses in the fund being charged.

Grants

Operating and capital grants for both governmental and proprietary funds are recorded as receivables and revenues at the time reimbursable project costs are incurred. Grant revenues received in advance of meeting all eligibility criteria are deferred.

B. BUDGETARY INFORMATION

An annual budget is prepared for all funds of the City, which is effectively controlled through governing agreements and related City ordinances. The annual operating budgets are prepared on a basis consistent with accounting principles generally accepted in the United States. Annual budget appropriations lapse at the end of each fiscal year. Encumbrances outstanding at year-end are charged against the ensuing year's budget and thus are not shown in budget-to-actual presentations, but are presented as an assigned fund balance.

The City follows the procedures set forth below in establishing the budgetary data reflected in the financial statements:

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

B. BUDGETARY INFORMATION (CONTINUED)

Budget Information – Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, special revenue funds, and the enterprise funds and are controlled on a fund and department level. On or before May 31 of each year, all departments of the City submit requests for appropriation to the Finance Officer so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the past year, current-year estimates and requested appropriations for the next fiscal year. All annual appropriations lapse at fiscal year-end. The proposed budget is presented by the City Manager to the City Commission for review on or before July 1. The City Commission holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and unassigned fund balances estimated as available by the Finance Officer.

Expenditures may not legally exceed budgeted appropriations at the fund level.

- Revenues are projected from rate structures, historical data, estimates and statistical trends available from City sources and outside agencies.
- Expenses are estimated on cost analyses, expected needs, and historical data produced by the finance and operating departments.

The final adoption of the City's budget complies with the "Truth in Millage" statute of Florida that mandates two public hearings prior to adoption of the ad valorem tax millage rate and the budget. Prior to October 1 of each year, the public hearings are completed, and the Commission adopts the Final Budget and establishes the ad valorem tax millage rate.

C. CASH AND INVESTMENTS

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly-liquid, short-term investments with original maturities of three months or less from the date of acquisition. The City maintains a cash pool that is available for use by all funds. Each fund's portion of this pool is displayed as "Cash and Cash Equivalents."

1. Deposits

As of September 30, 2024, the total carrying amount of cash deposits at a local financial institution was \$914,401. The City has complied with the requirements of the Florida Security for Public Deposits Act (the "Act") by maintaining its accounts at a qualified public depository, as provided by Chapter 280 of the Florida Statutes. Under the Act, qualified public depositories must deposit with the State Treasurer eligible collateral in such amounts as required by the Act. Therefore, all cash deposits held by banks can be classified as fully insured.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

C. CASH AND INVESTMENTS (CONTINUED)

2. Investments

The City's investment policy allows the City to invest surplus money in instruments provided by Florida Statute, Chapter 218.415. Those utilized by the City are:

- Direct obligations of the U.S. Treasury
- Florida Surplus Asset Fund Trust, FLSAFE LGIP
- Florida Cooperative Liquid Asset Securities System
- Florida Fixed Income Trust – Preferred Deposit Fund

Investments are categorized into the following four (4) categories of risk:

(1) *Interest Rate Risk* – To mitigate interest rate risk, the City's investment policy requires that the investment portfolio be structured with securities that maintain the greatest degree of liquidity and flexibility. The portfolio will maintain a structure with maturities staged to meet the City's obligations as they become due.

(2) *Credit Risk* – To mitigate credit risk, the City, in compliance with policy, primarily invests in U.S. Government securities and the State of Florida Local Government Surplus Trust Fund pool (the "Pool").

(3) *Custodial Risk* – To mitigate custodial risk, all cash and securities are held in accounts bearing the name of the City. Securities in such accounts, even though held in the "street name," are considered held in the name of the City.

(4) *Concentration of Credit Risk* – The City's investment policy requires that investments be diversified by security type and institution. No more than fifty (50%) percent of the City's funds will be invested with the same issuer, except direct obligations of the United States Treasury. No more than fifty (50%) percent of the City's funds will be invested through the same investment institution or dealer. No more than twenty (20%) percent of the City's funds will be invested beyond five (5) years in any security with the same maturity date.

F. CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs of the government as follows:

Depreciation Expense By Function

Governmental Activities:

General Government	\$ 64,452
Public Safety	7,572
Transportation	406,664
Culture/Recreation	320,133
Total Governmental Activities	<u>\$ 798,821</u>

Depreciation Expense By Function

Business-type Activities:

Solid Waste Disposal	<u>\$ 82,926</u>
----------------------	------------------

City assets including buildings, improvements other than buildings, machinery, and equipment were lost and subsequently retired as a result of Hurricane Helene. In total, \$1,341,801 of book value, consisting of original costs of \$3,720,023 and \$2,378,222 of accumulated depreciation, was removed from governmental activities.

G. LONG-TERM DEBT

Schedule of Changes in Long-Term Debt

The City's long-term debt includes compensated absences and other postemployment benefits. The following is a schedule of changes in the City's long-term debt for the fiscal year ended September 30, 2024:

	<u>Balance</u> <u>9/30/23</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>9/30/24</u>	<u>Due Within</u> <u>One Year</u>	<u>Long-Term</u> <u>Portion</u>
Governmental Activities:						
Compensated Absences	\$ 95,294	\$ 16,576	\$ (10,619)	\$ 101,251	\$ 30,375	\$ 70,876
Other Postemployment Benefits	43,422	11,969	-	55,391	-	55,391
Net Pension Liability	296,708	-	(227,087)	69,621	-	69,621
	<u>\$ 435,424</u>	<u>\$ 28,545</u>	<u>\$ (237,706)</u>	<u>\$ 226,263</u>	<u>\$ 30,375</u>	<u>\$ 195,888</u>
Business-type Activities:						
Compensated Absences	\$ 21,852	\$ 6,361	\$ (3,168)	\$ 25,045	\$ 7,514	\$ 17,532
Other Postemployment Benefits	22,074	5,129	-	27,203	-	27,203
Net Pension Liability	103,822	88,291	(122,493)	69,620	-	69,620
	<u>\$ 147,748</u>	<u>\$ 99,781</u>	<u>\$ (125,661)</u>	<u>\$ 121,868</u>	<u>\$ 7,514</u>	<u>\$ 114,355</u>

General Fund revenues have been used in prior years to liquidate the liability for pension liabilities, compensated absences and other post-employment benefit obligations.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

H. RISK MANAGEMENT

In September 2000, the City entered into a contract with Public Risk Management of Florida ("PRM") to provide insurance coverage, and became self-insured and a member of PRM, a risk-management pool and self-insurance association for public entities within the State of Florida. Coverage includes a deductible of \$1,000 per occurrence for all perils.

PRM is organized under an Interlocal Agreement with each member having a Board Member and Alternate Member on the PRM Board of Directors. Claims service is provided by Gallagher Bassett Services who provides claims services, to over 150 public entities in Florida. Included in the claims services is managed care through Genex for workers' compensation. The City pays an annual premium to PRM for property, liability and workers' compensation coverage. PRM provides a reinsurance program that consists of both specific excess and aggregate excess insurance, which offers financial security for its members.

The City has established an active Safety Committee (the "Committee") and Safety Program (and has received a 3% discount on the workers' compensation premium for the 2024 fiscal year). The Committee reviews any problems relating to safety, and makes suggestions to improve safety practices. One employee maintains certification annually as a safety professional through the Safety Council of Pinellas County.

The City continues to carry commercial insurance for all other risks of loss, including health, wind, flood, and employee accident insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past four fiscal years. The City has not had any significant coverage reductions under these policies from the prior years.

I. EMPLOYEES' RETIREMENT PLANS

1. Florida Retirement System

1. Plan Description, Membership and Plan Benefits, and Contribution Requirements

All of the City's general employees hired before January 1, 1996 participate in the Florida Retirement System ("FRS"), a cost-sharing, defined-benefit, multiple-employer public employee retirement system.

The City of Indian Rocks Beach contributes to the FRS, which is administered by the Florida Department of Management Services, Division of Retirement. FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Chapter 121 of the Florida Statutes, which may be amended by the Florida Legislature, assigns the authority to establish and amend benefit provisions to the Department of Management Services through the Division of Retirement. The FRS issues a publicly available financial report that includes financial statements and required supplementary information for FRS. That report may be obtained by writing to:

State of Florida, Division of Retirement
3639-C North Monroe Street, Tallahassee, Florida 32399-1560

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

The FRS funding policy provides for monthly employer contributions at actuarially-determined rates that, expressed as percentages of annual covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. The percentage level of payroll employer contribution rates, established by state law, is determined using the entry-age actuarial funding method. Future plan benefit changes, assumption changes, and methodology changes are amortized over 30 years, using level-dollar amounts. Except for gains reserved for rate stabilization, future actuarial gains and losses are amortized on a rolling 10% basis as a level-dollar amount.

Retirement benefits, and the City's contribution rate, are summarized as follows:

Membership Category	Retirement Benefit	Vesting	Contribution Rates Beginning July 1, 2024 (of covered payroll)
Regular	1.6% times years of service times average compensation (8 highest years) if age 62 or 33 years of service at any age.	After 8 years of creditable service.	Employer 13.63% Employee 3.00%
Senior Management	2.0% times years of service times average compensation (8 highest years) if age 62 or 33 years of service at any age.	After 8 years of creditable service.	Employer 34.52% Employee 3.00%

The City's contributions include 2.00% for a post-retirement health insurance subsidy. FRS also provides disability and survivors' benefits. Benefits are established by Florida State Statute.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

I EMPLOYEES' RETIREMENT PLANS (CONTINUED)

The Florida Retirement System

Plan Description

Three active City employees hired prior to 1996 participate in the FRS, two in regular class membership and one in senior management class membership. All three FRS members are covered by the FRS, a cost-sharing, multiple-employer, defined-benefit pension plan. The FRS was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program ("DROP") under the defined-benefit plan, and amended in 2000 to provide a defined-contribution plan alternative to the defined-benefit plan for FRS members effective July 1, 2002. This integrated defined-contribution pension plan is the FRS Investment Plan ("INV"). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy ("HIS") Program, a cost-sharing, multiple-employer, defined-benefit pension plan to assist retired members of any state-administered retirement system in paying the costs of health insurance.

The FRS and HIS are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code. The Florida Legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

The FRS and HIS financial information is included in the Florida Retirement System ("System") Pension Plan and Other State-Administered Systems' Annual Comprehensive Financial Report (ACFR). The System ACFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at:

http://www.dms.myflorida.com/workforce_operations/retirement/publications.

The System ACFR and actuarial reports may also be obtained by contacting the Division of Retirement by mail or phone at:

September 30, 2024

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Tallahassee, FL 32315-9000
850-488-5706

Membership and Plan Benefits - FRS

The FRS has two classes of membership applicable to the City, including regular class and senior management class. Employees enrolled in the FRS vested after six years of creditable service or after eight years of creditable service for members first enrolled after July 1, 2011. Members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS provides retirement, disability, death benefits and annual cost-of-living adjustments. The FRS also includes an early retirement provision, but imposes a penalty for each year a member retires before the normal retirement date.

Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class. As provided in Section 121.101 Florida Statutes, if the member's service credit was accrued before July 1, 2011, the annual cost of living adjustment is 3% per year. If the member has service credit on or after July 1, 2011, there is an individually calculated cost of living adjustment.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with a FRS employer. An employee may participate in the DROP for a period not to exceed 96 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the Florida Retirement System Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Membership and Plan Benefits - HIS

HIS membership is available to all members within the FRS and INV plans. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$7.50. The minimum payment is \$45 and the maximum payment is \$225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive HIS benefits, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Contribution Requirements

The contribution rates for FRS and HIS members are established, and may be amended, by the State of Florida. Employer contribution rates are actuarially recommended but set by the Legislature. These rates are a percentage of covered payroll. The FRS and HIS contribution rates were as follows:

FRS Class:	10/23 - 06/24	07/24 - 09/24
Regular	13.57%	13.63%
Senior Management	34.52%	34.52%
DROP	21.13%	21.13%

Employer rates include 2.00% from 10/23 - 09/24 for the HIS program. In addition, other than for the DROP, rates include .06% from 10/23 – 09/24 for administrative costs.

The City's contributions recognized during the fiscal year ended September 30, 2024 by the FRS and HIS were \$14,051 and \$2,438, respectively.

2. FRS and HIS Rate of Return, Discount Rate Sensitivity and Significant Actuarial Assumptions

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2024 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets Assumption team. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns but instead are based on a forward-looking capital market economic model. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1.0%	3.3%
Fixed Income	29.0%	5.7%
Global Equity	45.0%	8.6%
Real Estate (Property)	12.0%	8.1%
Private Equity	11.0%	12.4%
Strategic Investments	2.0%	6.6%
	<u>100.0%</u>	

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

The HIS is essentially funded on a pay-as-you-go basis and the depletion date is considered to be immediate. . As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan, or assumed asset allocation.

Discount Rate Sensitivity Analysis

The following tables demonstrate the sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact if the discount rate was 1.0% higher or 1.0% lower than the current discount rate at June 30, 2024.

FRS Net Pension Liability (Asset)			HIS Net Pension Liability (Asset)		
Current Discount			Current Discount		
% Decrease	Rate	1% Increase	1% Decrease	Rate	1% Increase
5.70%	6.70%	7.70%	2.93%	3.93%	4.93%
\$ 168,829	\$ 95,982	\$ 34,957	\$ 49,244	\$ 43,259	\$ 38,289

Actuarial Methods and Assumptions

Actuarial assumptions for both the FRS and HIS are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS has a valuation performed annually and the HIS has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS and HIS was completed for the period July 1, 2013 through June 30, 2018.

The total pension liability for the FRS and HIS was determined by actuarial valuations as of July 1, 2024, and HIS by actuarial valuations as of July 1, 2022 rolled forward to measurement date, using the individual entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth for both plans is assumed at 3.50%. Mortality assumptions for the FRS were based on the PUB2010 base table varied by member category and sex, projected generationally with scale MP-2021; and on the Generational RP-2000 with projection scale MP-2021 for the HIS. Both the discount rate and long-term expected rate of return used for FRS investments is 6.70%, no change from the prior year. The FRS fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 3.93% was used to determine its total pension liability (an increase from 3.65% in the prior year). In October 2024, the Actuarial Assumptions Conference adopted the Bond Buyer General Obligation 20-Bond Municipal Bond Index as the applicable municipal bond index.

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Net Pension Liability, Deferred Outflows/Inflows of Resources, and Pension Expense for City Defined Benefit Pension Plans

1. Proportionate Share of FRS and HIS Plans

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense at measurement date June 30, 2024 in accordance with GASB Statements No. 68, *Accounting and Financial Reporting for Pensions* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of Statement No. 68*. The underlying financial information used to prepare the pension allocation schedules was based on the same basis as mentioned previously and on an actuarial valuation as of July 1, 2024 for the FRS and the HIS. The City's proportionate share was calculated using retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2024. The aggregate employer contribution amounts in the pension allocation schedules agree to the total employer contribution amounts reported in the System CAFR.

At September 30, 2024, the City reported a net pension liability of \$139,241 for its proportionate share of the collective net pension liability of the FRS and HIS. The following table presents information on the City's proportionate share of the FRS and HIS:

	FRS	HIS	City Total
Proportionate Share of Net Pension Liability at June 30, 2024	\$ 95,982	\$ 43,259	\$ 139,241
City's proportion at June 30, 2024	0.00000248	0.00000288	
City's proportion at June 30, 2023	0.00000797	0.00000523	
Change in proportion during current year	-0.00000549	-0.00000234

I. EMPLOYEES' RETIREMENT PLANS (Continued)

2. Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended September 30, 2024, the City recognized pension expense of \$(56,638), with \$(44,572) related to the FRS, and \$(12,066) related to the HIS. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS		HIS		City Total
	Def Outflow	Def Inflow	Def Outflow	Def Inflow	Deferred Outflows / (Deferred Inflows)
Differences between expected and actual experience	\$ 9,697	\$ -	\$ 418	\$ (83)	\$ 10,115 (83)
Changes of assumptions	13,155	-	766	(5,121)	13,921 (5,121)
Net difference between projected and actual investment earnings	-	(6,379)	-	(16)	-
Changes in proportion	803	(158,649)	955	(44,781)	1,758 (203,430)
City contributions subsequent to the measurement date	3,850	-	666	-	4,516
Total Deferred Outflows	\$ 27,505		\$ 2,805		30,310
Total Deferred (Inflows)		\$ (165,028)		\$ (50,001)	\$ (215,029)

Deferred outflows of resources of \$4,516 are reported by the City for employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Reporting Year Ending June 30,	FRS		HIS		City Total
					Deferred Outflows (Deferred Inflows)
2025	\$	(44,677)	\$	(12,151)	\$ (56,828)

I. EMPLOYEES' RETIREMENT PLANS (Continued)

3. Payables to the Pension Plans

Included in the amounts reported as accrued liabilities is \$0 payable to the Florida Retirement System. The amount is for required contributions based on September 2024 payroll not remitted to the plans until October 2024, and is reported in the General Fund. The amount includes required employer contributions for the FRS and HIS plans.

Deferred Retirement Option Program:

The FRS DROP is available to a member when the member first reaches eligibility for normal retirement. DROP allows a member to retire while continuing employment for up to 60 months. During DROP participation, the member's retirement benefits accumulate in the FRS Trust Fund and earn monthly interest equivalent to an annual rate of 6.5% (1.3% for members who enter DROP on or after 07/01/2011). The member must cease employment after a maximum of 96 months, must satisfy the termination requirements for retirement, and is subject to re-employment restrictions thereafter. The member's DROP accumulation may be paid out as a lump-sum payment, a rollover, or a combination partial lump-sum payment and rollover. Employers must pay contributions at a rate of 21.13% of salary for all DROP participants. FRS also provides disability and survivors' benefits.

The contribution requirements of employers are established and may be amended by the Division of Retirement. The City's contributions, and its required contributions for the three years ended September 30, 2024 are summarized as follows:

<u>Fiscal Year</u>	<u>Required Contributions</u>	<u>Actual Contributions</u>	<u>Percentage Contributed</u>
2024	\$ 14,051	\$ 14,051	100%
2023	\$ 31,847	\$ 31,847	100%
2022	\$ 38,274	\$ 38,274	100%

General Employees' Defined Contribution Plan

The City provides retirement benefits for all of its full-time employees hired after January 1, 1996 through a non-contributory, defined-contribution plan administered by the ICMA Retirement Corporation under their prototype Profit-Sharing Plan and Trust Agreement. In a defined-contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after three months of employment. The Plan requires that the City contribute 10% of all participants' earnings. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of continuous service. City contributions for, and interest forfeited by, employees who leave employment before five years of service are used to reduce the City's current-period contribution requirement. Plan provisions and contribution requirements are established and may be amended by the City Commission. The Plan does not issue a stand-alone financial report and is not included in any other retirement system or entity's financial report.

CITY OF INDIAN ROCKS BEACH, FLORIDA

Notes to the Financial Statements

September 30, 2024

I. EMPLOYEES' RETIREMENT PLANS (Continued)

The total payroll in fiscal year 2024 was \$1,562,560. The City's contributions were calculated using the participants' salary amount of \$1,298,969. The City made the required 10% contributions (net of forfeitures) for the current year and previous two years, as follows:

2024	\$ 129,897	\$ 129,897	100%
2023	\$ 116,028	\$ 116,028	100%
2022	\$ 108,539	\$ 108,539	100%

J. OTHER POSTEMPLOYMENT BENEFITS

Plan Description:

The City's Retiree Health Care Plan (Plan) is a single employer defined benefit post-employment health care plan that covers eligible retired employees of the City. The Plan, which is administered by the City, allows employees who retire and meet retirement eligibility requirements under the applicable retirement plan to continue medical insurance coverage as a participant in the City's plan. There are no assets accumulated in a GASB-compliant trust.

Plan Membership as of October 1, 2023:

Census Information as of October 1, 2023

Active Participants	21
Retirees, Beneficiaries and Disabled Members	1
Covered Spouses	<u>1</u>
Total	<u>23</u>

Benefits Provided:

The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage. All employees of the City are eligible to receive postemployment health care benefits. All retiree and dependent coverage is at the expense of the retiree. Medicare eligible retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible.

J. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Total OPEB Liability

The measurement date is September 30, 2024.

The measurement period for the OPEB expense was October 1, 2023 to September 30, 2024. The reporting period is October 1, 2023 through September 30, 2024.

The Sponsor's Total OPEB Liability was measured as of September 30, 2024.

Note - The Sponsor's Total OPEB Liability for the City's ledger adjustment was measured as of September 30, 2024 using a discount rate of 4.06%.

Actuarial Assumptions:

The Total OPEB Liability was determined by an actuarial valuation as of October 1, 2023, updated to September 30, 2024, using the following actuarial assumptions:

Inflation	2.50%
Salary Increases	2.50%
Discount Rate	4.06%
Initial Trend Rate	7.00%
Ultimate Trend Rate	4.00%
Years to Ultimate	51

For all lives, mortality rates were PubG-2010 Mortality Tables projected to the valuation date using Projection Scale MP-2019.

Discount Rate:

Given the City's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 4.06%. The high-quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by the S&P Dow Jones Indices. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard & Poor's Rating Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

OPEB Expense:

For the year ended September 30, 2024, the Sponsor will recognize OPEB Expense of \$30,581.

Changes in Total OPEB Liability

	Increases and (Decreases) in Total OPEB Liability
Reporting Period Ending September 30, 2023	\$65,496
Changes for a Year:	
Service Cost	\$2,967
Interest	\$3,670
Difference Between Expected and Actual Experience	\$11,980
Changes of Assumptions	\$8,764
Benefit Payments	(\$10,283)
Net Changes	\$17,098
Reporting Period Ending September 30, 2024	\$82,594

Changes of assumptions reflect a change in the discount rate from 4.87% for the fiscal year ending September 30, 2023 to 4.06% for the fiscal year ending September 30, 2024. Updated health care costs and premiums are also reflected as assumption changes.

Sensitivity of the Total OPEB Liability to changes in the Discount Rate:

The following presents the Total OPEB Liability of the Sponsor, as well as what the Sponsor's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage- point lower or one percentage-point higher than the current discount rate:

	1% Decrease 3.06%	Current Discount Rate 4.06%	1% Increase 5.06%
Total OPEB Liability (Asset)	\$ 88,358	\$ 82,594	\$ 77,530

September 30, 2024

J. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Notes to Schedule:

Covered payroll:

Covered payroll is projected to the measurement date based on actual covered payroll as of the valuation date using applicable salary increase assumptions.

Changes of assumptions:

Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

Fiscal Year Ending September 30, 2024 4.06%

Fiscal Year Ending September 30, 2023: 4.87%

Fiscal Year Ending September 30, 2022: 4.77%

K. COMMITMENTS AND CONTINGENCIES

1. Litigation

At September 30, 2024, the City is a defendant in several lawsuits related to short-term rentals operations. The estimate of any financial impact and expected timing of any settlement is unknown.

2. Commitments

The City annually contracts with the Sheriff of Pinellas County, Florida, for law enforcement services. The cost of these services for the fiscal year ended September 30, 2024 was \$1,275,732.

L. SUBSEQUENT EVENTS

On October 5, 2024, Governor Ron Desantis declared a state of emergency in response to hurricane Milton. As a result of the storm alongside hurricane Helene, the city's assets have taken notable damage. As a result, the city expects assets recorded in the current year financial statements may be partially or fully impaired in the subsequent year. The current financial impact of Hurricane Milton and Helene is estimated at approximately \$3.7 million.

CITY OF INDIAN ROCKS BEACH, FLORIDA NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources which, by law are designated to finance particular functions or activities of government. The City has the following nonmajor special revenue funds:

Local Option Gas Surtax Fund

To account for the receipt of a local gas tax that is to be used for the City's capital projects.

Transportation Impact Fee Fund

To account for the receipt and expenditure of transportation impact fees, as levied by the City. This fund is also used to collect for and disburse to the County its share of transportation impact fees.

Recreation Impact Fee Fund

To account for the receipt and expenditure of recreation impact fees as levied by the City. The funds collected are used exclusively for the purpose of additional recreation space, the reconstruction or refurbishing of existing recreation areas, or the purchase of recreation equipment.

Developmental Impact Fee Fund

To account for the receipt and expenditure of developmental impact fees as levied by the City. The funds collected are to be specifically allocated for the payment of expenditures for construction of roads, utilities, sidewalks, curbs, drainage, seawalls, installation of streetlights, and any other activity which is not directly related to the City's sanitary sewage system.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

The Honorable Mayor and City Commission
City of Indians Rocks Beach, Florida
Indians Rocks Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Indian Rocks Beach, Florida (the "City") as of and for the year ended September 30, 2024 and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 29, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated April 29, 2025.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant's Report

The Honorable Mayor and City Commission
City of Indian Rocks Beach, Florida
Indian Rocks Beach, Florida

We have examined the compliance of the City of Indian Rocks Beach, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2024. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the City's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2024.

Report on Compliance for the U.S. Department of Treasury Coronavirus State and Local Fiscal Recovery Funds Program (CSLFRF) Requirements for an Alternative CSLFRF Compliance Examination Engagement

Independent Accountant's Report

The Honorable Mayor and City Commission
City of Indian Rocks Beach, Florida
Indian Rocks Beach, Florida

We have examined City of Indian Rocks Beach, Florida's (the "City") compliance with the compliance requirements "activities allowed or unallowed" and "allowable cost/cost principles" (the specified requirements) as described in Part IV "Requirements for an Alternative Compliance Examination Engagement for Recipients That Would Otherwise be Required to Undergo a Single Audit or Program-Specific Audit as a Result of Receiving Coronavirus State and Local Fiscal Recovery Funds" of the CSLFRF section of the 2024 OMB Compliance Supplement (referred to herein as "Requirements for an Alternative CSLFRF Compliance Examination Engagement") during the year ended September 30, 2024. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination. Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in the "Requirements for an Alternative CSLFRF Compliance Examination Engagement." Those standards and requirements require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. We are required to be independent and meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement. Our examination does not provide a legal determination on the City's compliance with specified requirements. In our opinion, the City complied, in all material with the specified requirements referenced above during the year ended September 30, 2024.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud, and noncompliance with provisions of laws, regulations, contracts or grant agreements that have a material effect on the City's compliance with the specified requirements and any other instances that warrant the attention of those charged with governance. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on the City's compliance with the specified requirements and not for the purpose of expressing an opinion on the internal control over the specified requirements or on compliance and other matters; accordingly, we express no such opinions. The results of our tests disclosed no matters that are required to be reported under *Government Auditing Standards*.

Intended Purpose

The purpose of this examination report is solely to express an opinion on whether City complied, in all material respects with the specified requirements referenced above during the year ended September 30, 2024. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Management Letter

The Honorable Mayor and City Commission
City of Indian Rocks Beach, Florida
Indian Rocks Beach, Florida

Report on the Financial Statements

We have audited the basic financial statements of the City of Indian Rocks Beach, Florida (the "City") as of and for the year ended September 30, 2024, and have issued our report thereon dated April 29, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have also issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*, and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in the Requirements for an Alternative Coronavirus State and Local Fiscal Recovery Funds Compliance Examination Engagement. Disclosures in those reports, which are dated April 29, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., *Rules of the Auditor General*, a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the City's geographical boundaries during the fiscal year under audit.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Commission, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.
